First Look: Ritmo Prenatal Sound System

droolicious — Want to get your kid hooked on Radiohead early? Try this prenatal music system. Type A parents have been putting iPod buds on mom's belly for years. The thought is that early exposure to Mozart will make the fetus smarter and the newborn will have an early appreciation for the arts. The Ritmo take the concept a step further. This is a stereo belt for pregnant women. According to the marketing materials: "Babies exposed to prenatal music and sound show superior mental abilities and coordination." If you agree and you're always up on the latest musical gadgets you won't want to miss ...

Need to find a new prenatal vitamin

digiscrapping.net 6/21/2009 — Actually, a new calcium supplement. You'd think I was taken some kind of horse supplements because the pills are so big. I just about choke trying to get them down. Do you think if I'm nursing I still should be taking an extra calcium supplement or is the prenatal ...

New prenatal test for Down syndrome less risky than amniocentesis

genetics.com 10/9/2008 — Pregnant women worried about their babies' genetic health face a tough decision: get prenatal gene testing and risk miscarriage, or skip the tests and miss the chance to learn of genetic defects before birth. But a new prenatal test could make this dilemma obsolete. The new method, developed ...
